Defend Our Immigrant Communities! Defend Dreamers, Defend DACA, Defend TPS!

JESSE HAMILTON January 25, 2018

| ISSUE: **IMMIGRANT RIGHTS, IMMIGRANTS, HUMAN RIGHTS, CIVIL RIGHTS**

We must stand in resolute opposition to the Trump administration's disgraceful decision to target our immigrant communities. We must fight against Trump's divide and conquer strategies. We see the racism, white supremacy, and inhumane mistreatment again and again: withdrawing Temporary Protected Status from thousands of Haitians, denigrating Haiti, El Salvador and Africa, causing this crisis for the Dreamers. Tomorrow, I am introducing legislation for people with TPS that will let them keep their drivers licenses and

permit them to remain eligible for Medicaid.

We must do everything we can at the state level to protect our immigrant communities. My office will continue to be a Sanctuary Senate office, connecting immigrants to resources like free legal representation. Our Immigrant Defense Coalition's toll free hotline for legal assistance is 1-800-213-6385. We must stand together and prevent Trump from trampling the rights of our families, our friends and our neighbors.
