

NEW YORK STATE SENATOR

Joseph E. Robach

Senator Robach Hosts Free Electronics Recycling Event in the City of Rochester

JOSEPH E. ROBACH April 16, 2018

| ISSUE: **ENVIOR**

This past Saturday, I was happy to host an Electronics Recycling event at Capelli Sports Stadium in collaboration with Mayor Lovely Warren, the City of Rochester, Sunnking and Spectrum. It was great to have so many people turn out on a dreary day to ensure that their old and no longer used electronics could be recycled responsibly and free of charge. Thank you to the volunteers who came out from RIT and the University of Rochester to help us get these electronics out of the waste stream and join me to do some good for the environment and our community.
