| ISSUE: **EDUCATION, ELEMENTARY & SECONDARY EDUCATION, LEARNING, CODING, HEALTH & WELLNESS**

Great day at M.S. 61 with The Campus students in Crown Heights today! Celebrating with students, educators, and community partners who made the year of learning about coding, computer science, meditation, wellness, and more possible.

Special thanks for all the work and generosity of the Christopher Foundation for the Arts, the Tallom Foundation, Digital Girl, Thrive NYC, and M.S. 61 educators.
