Senator Serrano on the Passing of Angelo Falcon

JOSE M. SERRANO May 25, 2018

“Yesterday, the world lost a tremendous individual. Angelo Falcón was an intellectual icon who many of us looked up to. He was a fighter for equality and social justice, in search of truth in all the issues he covered. Through his research, historical context, and advocacy on behalf of the Puerto Rican diaspora, our community is a much better place. My sincere condolences to his family, friends and colleagues. May he Rest In Peace.”
