“The mission of the Professional Women of the Finger Lakes is to support women professionally, personally, and politically through advocacy, education, and information. With that in mind, the organization proudly recognizes the next generation of female leaders through this scholarship program that honors their academic excellence and community service and supports their higher education and future endeavors. These 11 young women truly represent the best of the best among their peers, and I know that each and every one of them has the potential to go on and do great things for themselves and for our community.
