First and only woman to win steel boar challenge

LeRoy, NY- Senator Ranzenhofer visited C&C Archery and Sporting Goods over the weekend to present a Legislative Proclamation to Melissa Bender, the first woman to win the steel boar challenge at the Pennsylvania Bowhunters Festival.

The festival, established in 1957, is the oldest gathering of bow hunters in the world. The three-day festival offers a variety of shooting activities and events that help bowhunters sharpen their skills for the upcoming archery season.
