(**Middletown, NY**)- State Senator John J. Bonacic (R/C/I-Mt. Hope) has been named by FiscalNote, a provider of issues management services related to business and government, as the most productive State Senator based upon a review of his success at crafting legislation and getting substantive policy changes enacted.

“I have always been focused on delivering results for the residents of the 42nd Senate District and am appreciative of the honor of this recognition,” Bonacic said. “However, this is

not the achievement of a single individual. I want to thank my partners in state government and the advocates, local officials, and constituents my office has worked with over the years to develop and advance legislation to improve our state. I would not have been able to do it without them.”
