Celebrating Digital Girl & Empowerment Through Tech

JESSE HAMILTON   October 26, 2018

| ISSUE: **ELEMENTARY & SECONDARY EDUCATION**, **EDUCATION**, **TECHNOLOGY**, **COMPUTER SCIENCE**

My pleasure to join Digital Girl Awards Gala and celebrate computer coding and Brooklyn youth. Making sure children from underserved communities succeed is part of a shared vision. That vision is made a reality because of the tireless work of groups like Digital Girl, Inc.

Congratulations on their stunning awards ceremony last night, celebrating some of the great leaders in bringing tech to Brooklyn kids. It was a joy to join them and celebrate the work

they do to help empower Brooklyn youth!
