This January, anyone can play hockey at the Binghamton Pond Festival. Teams of all ages and abilities are invited to register to participate in the festival, which will take place over three weekends starting January 11th at the beautiful Chenango Valley State Park in Chenango Forks

Each hockey weekend is open to the public to attend, and will feature plenty of non-hockey events, including live music, and a variety of other wintertime fun and games.

Binghamton Pond Fest Founder and Producer Tytus Haller said, "The hockey community is a very diverse group that is rooted in all kinds of ways in our local community, and is very supportive of good causes and events. All of the money we donate stays here in the Binghamton area and I think it's great to see conversations and openness that help to remove some of the stigmas associated with various mental health challenges that we all battle at different times in our lives. I've had a great deal of support and help from the staff at Chenango Valley State Park and their Friends of the Park group in making the event a success and fun."

Adult teams will play for fun and a tournament championship, kids will be able to experience the beauty of outdoor hockey, and the entire community is invited to take part in the winter fun.

While the majority of events will take place at Chenango Valley State Park, this year the Pond Festival's parent organization, Broome Winterworks Inc., will feature a special event in downtown Binghamton. The Binghamton Ice Fest and Chili Competition will take place on Court St. on Saturday, January 19th from 12:00pm - 6:00pm featuring ice sculptures from the Ice Farm and a chili competition featuring chilis prepared by more than a dozen local businesses and organizations.

In its first three years, Binghamton Pond Festival has donated over \$23,000 to local nonprofits, with nearly \$20,000 going to the Mental Health Association of the Southern Tier (MHAst) and their Do It For Darren (DIFD) initiatives for youth suicide prevention and youth mental health awareness. As the festival continues to grow, organizers anticipate being able to donate even more.

Keith W. Leahey, Executive Director at MHAst, said, "We are honored to be the

charity recipient for the Binghamton Pond Festival again this year. Above and beyond the important funds raised, we are thankful for the opportunity to promote youth mental health and suicide awareness in our community.”

The event games will be played on Chenango Valley State Park's refrigerated outdoor ice surface, funded through a grant secured by Senator Fred Akshar through the NYS Office of Parks, Recreation and Historic Preservation. In its first couple of years, unpredictable weather and temperatures made holding the Binghamton Pond Festival difficult, but the new outdoor surface allows a variety of events to be held year after year.

Senator Fred Akshar said, “The Binghamton Pond Fest is an exciting and inclusive event that attracts visitors from across the country to our community during some of the coldest months. It's great to see the event expanding every year. I was proud to do my part in securing funding to help Chenango Valley State Park host events like this and others for our community for years to come.”

Broome County Executive Jason Garnar said, ““Broome County is proud to sponsor this event again in 2019. This unique, family-friendly event encourages Broome County residents to get out during the winter season. I’m excited to see local residents and visitors from across the country enjoying the 2019 Pond Hockey Festival!”

Judi Hess, Director of Visit Binghamton, said, “Visit Binghamton is excited to have this series of Pond Hockey events taking place in the community and drawing out of town visitors at this time of year. The out of town visitors will have a positive economic impact for the entire county.”

In addition to partnering with the NYS Parks Department and MHA, Binghamton Pond Fest 2019 is partnered with many other local organizations and businesses, including Jack Sherman Toyota, The Colonial, UHS Sports Medicine, the Binghamton Devils, Matco Electric, The Double Tree, Rocco J. Testani, Visit Bing, American Fireworks, North American Breweries, Pyramid Business Systems, Catskill Shed Company, Amici's, Warehouse Carpet, AP Entertainment, The Friends Group of Chenango Valley State Park, The Southern Tier Hockey Association (STHA) and The Binghamton Blizzard Girls Hockey Association.
