

NEW YORK STATE SENATOR

Alessandra Biaggi

State Senator Alessandra Biaggi's Constituent Services Office Open for Business

ALESSANDRA BIAGGI January 30, 2019

| ISSUE: **CONSTITUENT SERVICES, OFFICE HOURS, THE BRONX, WESTCHESTER**

Senator Alessandra Biaggi (D-Bronx/Westchester) and her team are ready, eager and able to work with residents. Her district office officially opened January 23 at 10 a.m.

Contact with her constituents is extremely important to Senator Biaggi. "I can't wait to be visible and accessible," she said. "My team and I want to interact with the community face to face as much as possible. A more user-friendly office will make all the difference."

Freshman Senator Biaggi and her team have inherited the office of her predecessor, Jeff Klein, at the Hutchinson Metro Center. The staff plans to be there for only a matter of months, at which time they want to open a more central location. A search for a storefront space near public transportation is currently underway.

In the meantime, the Senator wants Bronx and Westchester residents of the 34th district to feel encouraged to call or email for assistance, make an appointment, or drop by anytime to share concerns or seek help.
