

NEW YORK STATE SENATOR

Andrea Stewart-Cousins

Statement From Majority Leader Andrea Stewart-Cousins

ANDREA STEWART-COUSINS February 6, 2019

| ISSUE: **STATE OF THE UNION**

"Unfortunately but not surprisingly the President has once again followed a dangerous pattern of lies and fear mongering to try to destroy protections for women's health. Here in New York we see the same offensive pattern by his allies. We will not be intimidated. We will stand strong for women and their health against these attacks and lies."
