

NEW YORK STATE SENATOR

Jen Metzger

CPV Health Impacts Survey

JEN METZGER February 18, 2019

| ISSUE: **CPV, SURVEY, HEALTH IMPACTS SURVEY**

I am very concerned by reports from the community regarding adverse health impacts believed to be caused by the operation of the Competitive Power Ventures (CPV) power plant. My office is collecting information regarding these possible health impacts and we ask that you to complete the survey, below, if you believe your health has been affected by the power plant. If you know others who have complained of health impacts, please share this survey with them.

Surveys may be accessed using the link provided below and submitted online or in person to my Middletown district office located at 201 Dolson Ave, Suite F, Middletown, NY 10940.
