(Long Island, NY) The New York State Senate Majority announced that their second public hearing on the state of New York's transit networks will be held on Long Island this Friday, March 1st at 3 PM, at the Theodore Roosevelt Executive and Legislative Building.

The hearing will be led by Senator Tim Kennedy, Chair of the Transportation Committee, and Senator Leroy Comrie, Chair of the Corporations, Authorities, and Commissions Committee.

"I am committed to improving the efficiency of the LIRR and MTA in partnership with my colleagues in the Senate and the public. When we take the time to listen to our constituents who utilize New York's transit systems, I believe we can come to a solution that will help improve the everyday lives of all commuters. We want residents of our respective districts to know that they have a voice, and that their collective concerns are of the utmost importance to us as elected officials." Stated Senator Martinez
