Senator Monica R. Martinez on the Recent MTA Fare Hikes

MONICA R. MARTINEZ February 27, 2019

| ISSUE: **MTA FUNDING, MTA**

“We are acutely aware that the infrastructure of the MTA is in dire need of improvement, but this cost should not fall on Long Island commuters. These individuals are already enduring unreliable and unacceptable service, and it is high time that we stand up to secure the necessary funding to address these issues without burdening our commuter population.”
