

Bill To End Religious Vaccine Exemptions Passes In State Senate

SENATOR DAVID CARLUCCI June 13, 2019

ISSUE: MEASLES

"Ending non-medical vaccine exemptions will get more people vaccinated and help stop the spread of the Measles. This is about public safety and preventing this disease from sustaining a foothold in the U.S. If we follow science, it's clear, vaccines save lives. Not one single organized religion denounces vaccines. This is the right step forward."

(Senator Carlucci co-sponsors **S.2994** and represents most of Rockland County and parts of Westchester)
