Senate Deputy Leader Michael Gianaris opened Long Island City’s newest Escape Room. The “ESScape Experience” is operated by Melanie Lemieux and Kyle Radzynski, who also operate The Baroness, The Huntress, and New York Stage of Mind.

“Western Queens is home to a thriving small business community and I am excited to welcome the ESScape Experience to the neighborhood,” said **Senate Deputy Leader Michael Gianaris**.

“Melanie and Kyle are dynamic local entrepreneurs who want to make a difference in our community and I am always proud to support the good work people do in our community.”

“We are extremely grateful to be part of such a strong community here in LIC,” said **Melanie Lemieux**, owner-operator of ESScape Experience. “Without their support Ess Hospitality would not have been possible.”
