Senator Robach Helps Open New Rochester VA Clinic

JOSEPH E. ROBACH September 26, 2019

| ISSUE: **VETERANS, HEALTH CARE**

Today was an exciting day for veterans in the Greater Rochester community and across New York as we celebrated the opening of the new VA Clinic on Calkins Road in Henrietta. This state-of-the-art facility will help doctors and staff at the VA provide the best care and service for our veterans, who deserve only the best. I am so pleased to see this long awaited project finally completed.
