

NEW YORK STATE SENATOR

Joseph E. Robach

Senator Robach Helps Break Ground on Rotork Controls Expansion Project

JOSEPH E. ROBACH | October 30, 2019

| ISSUE: **ECONOMIC DEVELOPMENT, JOBS & EMPLOYMENT**

Great to join the Rotork Controls team to break ground on their expansion project in the town of Gates. Rotork is a global leader of actuator manufacturing, with offices throughout the United States and around the world. They chose the Rochester office for their expansion, which will be adding 43,000 square feet of manufacturing space, 8,800 square feet of office space and creating 50 new, good paying jobs for our local workforce. Great news for Rotork and the Rochester economy! Congratulations!
