

NEW YORK STATE SENATOR

Brad Hoylman-Sigal

Statement From Senator Brad Hoylman On Governor Cuomo's Legislative Proposals For Hudson River Park

BRAD HOYLMAN-SIGAL January 5, 2020

| ISSUE: **HUDSON RIVER PARK, SD 27**

"Hudson River Park serves as the backyard for the West Side of Manhattan, where public open space is in scarce supply. It's no wonder, then, that the park attracts more than 17 million visits each year. I'm extremely grateful to Governor Cuomo for using his State of the State address to announce legislative proposals to reaffirm his commitment to new open space at Pier 76 and Pier 40 and look forward to working with Community Boards 4 and 2, my colleagues in government, and other local stakeholders to help fully realize the potential of the Hudson River Park."
