Helpful Tips Regarding COVID-19

PAMELA HELMING March 23, 2020

| ISSUE: **COVID-19, CORONAVIRUS UPDATES**

Dear Neighbor,

As you know by now, containing the spread of the Coronavirus requires significant changes to our daily routines. Schools, non-essential businesses and even the places where we worship are closed or operating on a limited basis. In addition, we have been asked to stay home. These disruptions to our normal routines present real challenges. For some, these changes may lead to feelings of fear, anxiety, isolation and more. If you or someone you know is struggling and needs help, it is important to know assistance is available.

A list of mental health resources is provided below. As more mental health resource information becomes available, this list will be updated and posted on my website, helming.nysenate.gov.

Please know together we will get through this. This pandemic will end. In the meantime, I will continue to do everything I can to support the efforts to stop COVID-19. As always, please do not hesitate to contact me if I can be of any assistance.

Stay safe,

Pam
