Joseph P. Addabbo Jr.

Addabbo praises Aqueduct Racetrack Coronavirus testing site

SENATOR JOSEPH P. ADDABBO, JR. March 30, 2020

| ISSUE: **AQUEDUCT RACETRACK, CORONAVIRUS, COVID-19, COVID-19 TESTING, ADDABBO**

“Many of my constituents are relieved to learn that a Coronavirus testing site is opening at the Aqueduct Racetrack parking lot. It is in times of emergency that we come together to help others, and this is why I appreciate the provider SOMOS, the city and the Port Authority for working towards making this site available. We must increase the number of testing sites if we are to identify those in need of medical attention and to credibly reduce the spread of this fatal virus.”
