KENNEDY JOBS FILE

TIMOTHY M. KENNEDY April 23, 2020

| ISSUE: **ECONOMIC DEVELOPMENT AND JOB**

The goal of KennedyJobs.com is to connect Western New Yorkers seeking employment to job opportunities that have been made available to the Senator's office by companies and agencies across WNY.

Every Monday, new postings will be updated on the Kennedy Jobs File, with links to each agency and application. This is designed to offer a streamlined look at available jobs throughout the region, and ensure that job seekers have access to both the positions and resources needed to gain employment.
