**WESTCHESTER
REOPENING
UPDATE
6-25-2020**

Dear Friends:

As the Mid-Hudson Region and New York State move forward through the reopening phases, we cannot escape the desperate financial situation that New York State, our cities, towns, villages and schools now face. With significant drops in revenue due to the pandemic, the state announced that it would be withholding Aid and Incentives for Municipalities

(AIM) payments to 12 major cities, including the cities of White Plains and Yonkers. In response, my NYS Senate colleagues and I who represent these cities sent [a letter](#) to U.S. Senate Majority Leader Mitch McConnell urging him to provide federal funding for local governments. Read more about this effort in a section below.

NEW YORK FORWARD

- The Mid-Hudson Region and Westchester County entered [Phase Three](#) of reopening on Tuesday, June 23rd. Phase Three includes indoor dining at restaurants at 50% capacity and the reopening of professional services. For industry guidance on Phase Three, [click here](#).
- Governor Andrew Cuomo, New Jersey Governor Phil Murphy and Connecticut Governor Ned Lamont announced a [joint incoming travel advisory](#) that effective Thursday, June 25th, all individuals traveling from states with significant community spread of the coronavirus must quarantine for a period of 14-days from the time of last contact within the identified state. [Click here](#) to read Executive Order 205: Quarantine Restrictions on Travelers Arriving in New York.
- [\\$65 million in federal CARES Act funding](#) is available for child care providers statewide through the New York Forward Child Care Expansion Incentive program. Throughout the pandemic, 65% of OCFS-licensed & registered child care programs remained open serving families of essential workers and others. The federal CARES Act funding will assist the remaining programs in reopening as families return to the workplace.

REOPENING WESTCHESTER COUNTY

County Executive George Latimer announced the creation of the Westchester Food Security Initiative (FSI) to provide \$3 million in additional support to food pantries, restaurants and

food delivery programs serving seniors & other vulnerable populations. Approximately 1 in 5 Westchester residents were living with food insecurity before the pandemic. In the wake of the crisis, that need more than doubled, and Feeding Westchester & local food pantries have been working hard to meet the demand. [Click here](#) to read more about the FSI. Local food pantries can contact Carla Prioleau at CDPM@westchestergov.com to apply for grants.

REOPENING SCHOOLS TASK FORCE MEETINGS

This past month, the New York State Education Department (NYSED) and the New York Board of Regents held four virtual Regional School Reopening Task Force meetings throughout the state. I was pleased to view the Hudson Valley Regional meeting. The meetings gathered input from parents, teachers, school and district leaders, school board members, staff, health experts and other interested parties that will inform guidance for New York's schools this fall. 2020 SUMMER READING AT NEW YORK LIBRARIES

Summer reading is an essential part of students' summer plans, and this summer, reading is more important than ever. I am pleased to support NYSL & NYSED's [Summer Reading Program](#) to help our students learn and grow. Even in the face of the Coronavirus Pandemic, our public libraries helped residents of all ages remain connected, read new books and find resources. As our libraries reimagine The Summer Reading Program with new virtual programs, I encourage children to lose themselves in books, explore new ideas, and imagine their own stories. Check with your [local library](#) about how to participate in this year's Summer Reading Program.

SUPPORTING THE ARTS, SUPPORTING SENIORS

The Yonkers Philharmonic Orchestra launched an online program, [YPO@Home](#), to help seniors in the community join the Yonkers Philharmonic from the security and comfort of their own home. All online events are available on demand on the YPO@Home website on

the day of the event. [Click here for the schedule of events](#). To keep the music playing, free-of-charge and offset their costs, the Yonkers Philharmonic Orchestra accepts donations. [Click here](#) to donate.

My office has been delivering hand sanitizer to religious institutions, senior buildings, public housing and community groups throughout the 37th district who have requested it. Please complete [a request form here](#) if you would like to sign-up to receive a two gallon bottle once more inventory becomes available.
