

NEW YORK STATE SENATOR

Alessandra Biaggi

Team Biaggi distributes masks, hand sanitizer and fresh produce and dairy at the district office

ALESSANDRA BIAGGI August 1, 2020

On August 1st, Team Biaggi, alongside Jessica Torres distributed over 1000 masks, 200 bottles of hand sanitizer and over 300 bags of fresh produce and dairy in the Kingsbridge area and at the district office. Thank you to Conrad, State Senator Jessica Ramos's office, Northeast Dairy Producers Association, Inc., New York Farm Bureau, and NYS Department of Agriculture and Markets for their generosity and support! The team was unexpectedly joined by some amazing human beings who decided to help once they saw the work the team was doing. Beny Poy, Tony Dominguez and family, Parents and Staff from The

Learning Experience academy next door, and the Bronx District Masons, thank you!
