Albany, NY — Members of the New York State Senate Republican Conference united around the leadership of Senator Rob Ortt and re-elected him in a unanimous vote as New York State Senate Republican Leader on Tuesday.

“I’m proud that my colleagues put their confidence and faith in me to lead the New York

State Senate Republican Conference. I am prepared to work tirelessly to put forward an agenda that helps ensure all New York families across the state thrive. It is time to bring back affordability and say 'NO' to higher taxes. I, along with my Republican colleagues will make it a priority for our small businesses to succeed now more than ever and continue to promote economic development growth.

Together, we represent millions of New Yorkers across this state who want a strong voice. Our Senate Republican Conference will be that amplified voice to stand up and represent those everyday New Yorkers," said Senate Republican Leader Ortt.

Ortt, who represents the 62nd Senate District, was first elected leader in June. Ortt is a proud U.S. Army Veteran and Bronze Star recipient.
