

NEW YORK STATE SENATOR

Joseph P. Addabbo Jr.

Addabbo joins with Senate colleagues in approving legislation to help small businesses

SENATOR JOSEPH P. ADDABBO, JR. February 4, 2021

| ISSUE: **SMALL BUSINESS, CORONAVIRUS PANDEMIC; COVID-19, RELIEF FOR WORKERS AND SMALL BUSINESSES, ADDABBO**

NYS Senator Joseph P. Addabbo, Jr. joined his Senate colleagues in approving a package of bills designed to support small businesses that have suffered as a result of the COVID-19 pandemic.

“Small businesses are really struggling, and they need our help if they’re going to have any chance of surviving these unprecedented times. Implementing additional legal protections and resources will help businesses keep their doors open and recover,” said Addabbo. “This package of bills offers critical support to small businesses while also helping struggling workers.”

The package of bills providing immediate support to small businesses and workers include;

- S.471A: Establishes the COVID-19 Emergency Protect Our Small Business Act to protect small businesses with COVID-19 related financial hardships from eviction and foreclosure until May 1.
- S.1630A: Prohibits any third party food delivery platform from listing, selling or advertising products of any food service establishment without a written agreement with

them.

- S.1554B: Creates a maximum limit for the total fee that can be charged to a food service establishment by a third-party food delivery service (such as Grubhub, Seamless, Postmates, Doordash, etc.).
- S.18A: Creates a requirement for the Department of Labor to increase their efforts to provide information to employers about shared work program eligibility and have information available on the Department's website. The shared work program can help reduce layoffs and is fully funded by the federal CARES Act during the pandemic.
- S.1197: Freezes New York State's unemployment insurance experience rating for one year for layoffs and closures that occurred due to COVID-19. This action will prevent significant increases in costs to employers who have experienced higher unemployment rates in 2020.
- S.1042A: Establishes a system of partial-unemployment. This would shift the current calculation that any day of work leads to a 25% reduction in benefits, and instead would reduce benefits by an amount proportional with the amount earned. This legislation will help incentivize part-time work by reducing the disincentive that a day of work will lead to a disproportionate reduction of benefits.

"I support these bills with my local businesses and their workers in mind, knowing that more needs to be done. The bills are intended to help employers, workers, and families move toward economic recovery. As businesses continue to face significant financial stress from the COVID pandemic, we will continue working to ensure they survive now so they can thrive later," said Addabbo.

After passing the Senate, the package of bills were delivered to the Assembly for consideration.
