Sen. Joseph Griffo statement on Governor's news conference

JOSEPH A. GRIFFO February 15, 2021

| ISSUE: **CORONAVIRUS PANDEMIC; COVID-19; NURSING HOMES**

"Today's news conference once again demonstrates the arrogance and callousness of a Governor who refuses to accept responsibility for his administration's flawed policies and decisions that have resulted in heartbreaking tragedies and economic hardship. I continue to be discouraged and frustrated by the Democrat Majority's refusal to conduct hearings to gain important insight and by their failure to repeal the Governor's extraordinary powers despite our numerous attempts to do so."
