Statement from Senator Alexis Weik

ALEXIS WEIK February 16, 2021

| ISSUE: **CORONAVIRUS PANDEMIC; COVID-19; NURSING HOMES, NURSING HOME DEATHS**

q

"Governor Cuomo held a nearly two hour press conference yesterday and still failed any semblance of accountability to the families of loved ones lost in nursing homes due to his Administration's handling of COVID-19. Yesterday's press conference makes it abundantly clear that an independent investigation must take place and the legislature must begin hearings immediately to uncover the truth of what really happened."
