

NEW YORK STATE SENATOR

Andrea Stewart-Cousins

Majority Leader Andrea Stewart-Cousins' Statement on Easter

ANDREA STEWART-COUSINS April 4, 2021

| ISSUE: **EASTER**

"Last year's Passover/Easter holiday season was the first stark evidence that our lives had forever changed due to the pandemic. In our newly imposed isolation many of our old ideas, lives, and habits died, and in isolation, many of us were forced to re-examine our norms. During this year's Passover and Easter season, we are slowly re-emerging from isolation, most of us with new attitudes, insights, and perspectives. It is, in many ways, an opportunity for renewal—the message of Easter. On this Easter Sunday, for those who celebrate, happy Resurrection Sunday! And to all, happy renewal! May this be the beginning of a new and better season of life!"
