

NEW YORK STATE SENATOR
Robert G. Ortt

A Statement From NYS Senate Republican Leader Rob Ortt

ROBERT G. ORTT May 24, 2021

| ISSUE: **MASK MANDATES, DAYCARE**

This morning, my colleagues and I were joined by daycare providers and concerned parents from throughout the state at a virtual rally to speak out against the Governor's misguided mask mandate for children in daycare settings. This mandate was never based in science or simple common-sense, especially at a time when he was signaling that mask wearing will soon be a thing of the past for many adults. It caused unnecessary frustration and confusion for providers and parents alike, and I'm glad to see it lifted.

I want to thank the providers and parents who joined us to voice their opposition to this out-of-touch edict, and all of my Senate Republican colleagues for their advocacy on behalf of our youngest children.
