NEW YORK – Senate Deputy Leader Michael Gianaris issued the following statement about Attorney General Letitia James’ report today:

“The report by Attorney General James correctly uplifts the courageous voices of the women who suffered from the Governor’s behavior. The Attorney General’s report clearly and concisely documents that Governor Cuomo engaged in disturbing and unacceptable behavior. Andrew Cuomo lacks the integrity required to be the leader of our state and can no longer serve as New York’s Governor. He must heed the calls of so many New York leaders and resign.”
