Senator Brouk on Governor Cuomo's Resignation

SAMRA G. BROUK August 10, 2021

| ISSUE: **GOVERNOR CUOMO'S RESIGNATION, SEXUAL HARASSMENT, GOVERNOR HOCHUL**

The governor has harmed many women—women who were working in service of the Great State of New York and the public. I am relieved to hear that Andrew Cuomo has resigned from the executive chamber, but I remain concerned about the extensive network of allies who worked to help him cover and “spin” his acts, and that the toxic work environment he fostered could persist in his absence. We must work to ensure the hostile, unlawful conduct that occurred in the executive chamber is not occurring in any workplace, let alone in state government.

I thank the women who came forward and acknowledge the many who could not for their own personal reasons.

Kathy Hochul has time and again demonstrated a passionate, lifelong commitment to the success of women, our region and our great state. It will be a new opportunity to work on the issues most pressing to New York State with a fellow Western New Yorker heading the executive chamber, and I look forward to what we'll accomplish for our State and the 55th District.”
