Statement from Senator George Borrello on Howard Zucker's Resignation

GEORGE M. BORRELLO September 23, 2021

| ISSUE: **COMMISSIONER ZUCKER, NYS DOH, COVID-19, NURSING HOMES**

“As one of those who has been calling for Howard Zucker’s resignation for months, today’s news is welcome, although sorely overdue. His complicity in the Cuomo administration’s coverup of nursing home deaths and COVID deaths overall, mismanagement of the pandemic response, and politicization of the Health Department have been a stain on our state and compromised vital public health functions at a critical time.

“It is troubling that he, like his former boss, appears to be exiting on his own terms. If he is resigning, he should leave today. Anything less than that means that he will be continuing to make decisions that affect the lives of all New Yorkers. If this is truly a new era of transparency in New

York State government, his departure cannot come a moment too soon.”
