

NEW YORK STATE SENATOR

James Sanders Jr.

Senator Sanders Co-Sponsors Community Events in Recognition of Breast Cancer and Domestic Violence Awareness Month

JAMES SANDERS JR. October 8, 2021

In recognition of October as Breast Cancer Awareness Month and Domestic Violence Awareness Month, Senator James Sanders Jr. is co-sponsoring events around the community to honor survivors and remember those lost.

"October is a month filled with fun autumn activities and beautiful scenes of foliage," Senator Sanders said. "It also is a month devoted to breast cancer awareness, an annual health campaign, where communities gather and host walks, share knowledge, and celebrate survival.

Breast cancer is the most commonly diagnosed cancer and the second leading cause of death among women in New York State. However, early detection can make all the difference in winning the battle against this disease. Women can live healthier and longer lives by early detection measures including scheduling annual physicals and mammograms.

October is also a time to raise awareness about domestic violence. State Senator James Sanders Jr.'s bill (S.1789), which was signed into law this year, provides more protection for victims of domestic violence. Under current law, communications between rape victims and counselors are privileged and cannot be disclosed in Court except under certain circumstances. Senator Sanders' bill would extend those same privileges to victims of domestic violence. Currently 27 states have passed laws to extend these privileges to victims of domestic violence. The New York State Coalition Against Domestic Violence designated Senator Sanders' bill as a priority bill this legislative session.

Senator Sanders is proud to co-sponsor the following events:

Saturday, October 9, 2021

Queens Royal Priest Hood

Fourth Annual 5K Run / Walk
