

NEW YORK STATE SENATOR

Jose M. Serrano

Improvements to Pulaski Park in the Bronx

JOSE M. SERRANO July 29, 2021

On July 29, Senator Serrano joined the NYC Parks Department and his colleagues in government to cut the ribbon on a \$3.1 million renovation for Pulaski Park in the Bronx. The project includes renovated basketball courts, an asphalt sports field, a new play area, security lighting, benches, plants, and more for the community to enjoy.

"More than ever, our parks have become a sanctuary for our communities to safely gather outdoors," said Senator Serrano. "All New Yorkers deserve quality recreational facilities that instill pride in our local parks. I thank NYC Parks Bronx Commissioner Iris Rodriguez-Rosa, Council Member Diana Ayala, and all who helped make the renovation of Pulaski Park

possible."
