

NEW YORK STATE SENATOR
Robert G. Ortt

Statement From Senate Republican Leader Rob Ortt on Democrat Efforts to Remove Benjamin From the Ballot

ROBERT G. ORTT April 26, 2022

| ISSUE: **BRIAN BENJAMIN, GOVERNOR HOCHUL**

The law isn't flawed, Kathy Hochul's judgment is — and if the Legislature goes along with this crooked scheme, so is theirs.

For the past year Albany has been the corruption capital of the country and Democrats have sat idly by enabling this bad behavior. Now they want to go a step further, changing state law to protect their political interests.

Any Senator who supports this corrupt scheme will be held accountable by the voters of New York this November.
