Community Update: Budget Updates, Utility Webinar with SW and PULP, Upcoming Events

SENATOR SHELLEY B. MAYER March 15, 2023

Dear Friends,

This week the Senate will adopt its One House Budget Resolution which represents the Senate's priorities and policy positions as we begin to negotiate with the Governor and the Assembly. Among my many priorities, as we work toward the April 1st final budget deadline, are finding a finding a path forward that addresses the need for affordable housing but rejects the Governor's proposal as impractical, top-down, and misdirected; fair pay for homecare workers; and ensuring we give our students and schools the resources they need to succeed. As we negotiate, I remain mindful of the ways policies we adopt affect residents across my district and the many people I have met with and heard from.

As always, if there is anything my office can assist you with, please email me at smayer@nysenate.gov or call (914) 934-5250.

Shelley B. Mayer

State Senator

37th District
