

NEW YORK STATE SENATOR

Pamela Helming

Statement from Senator Helming on Late Budget

PAMELA HELMING April 20, 2023

Statement from Senator Helming

Democrats are in control of the Senate, Assembly and the Governor's office. Yet they still can't agree on a budget.

Delay is detrimental to school districts, municipalities and non-profit organizations that are waiting on the state so they can finalize their own budgets. And to taxpayers who deserve a government that meets its constitutional obligations.

The budget is a financial document. Policy discussions should take place in the open and with the input of our constituents.

I think we all need to ask ourselves: How's one-party rule working for you?
