Legislatively Speaking

I am both honored and humbled by the encouragement people have given me about pursuing federal office during this recent change of events. However, I feel my first obligation and service is to ensure we get a New York State budget in place that gets New York back on the right fiscal track, makes an environment to create jobs and treats Rochesterians and Upstate New Yorkers fairly. I am 100 percent committed to working with Governor Cuomo, Lieutenant Governor Duffy, and everyone involved in the process that puts New York in a different direction than the last two years, where one-party rule under all New York City leadership led to record levels of spending and little regard for the direction favored by most Upstate New Yorkers. Given the crossroads New York is at and the privilege people have given me by voting for me for New York State Senate, I will be giving full attention to continuing to serve the constituents of the 56th Senate District.

St. Ann's Prepares for Expansion

Recently, I had the opportunity to attend a ceremony at St. Ann's Community to announce an expansion at their Irondequoit and Webster campuses.

Once completed, a new building on the Irondequoit campus will house a transitional care center with 72 beds. A new building in Webster will house a long term care center with 60 beds and a transitional care center with 12 beds.
