CONNECT QUEENS

HOMEOWNERS...DON'T DO IT ALONE!!

Southeast Queens is at the epicenter of the national mortgage crisis. Homeowners in the district, I represent continue to need access to information and quality services, at a time when the media and federal government's attention are beginning to move away from the plight of homeowners. Our community is built around the institutions of school, church and family.

The obstacles that many of them face prevents stable and long-term homeownership from occurring within our communities. It is for this reason that I am sponsoring an ongoing series of Homeownership Preservation events in partnership with the Connect Queens campaign.

Homeowners, I urge you to attend this event to help protect yourself and your home. There is help available, don't do it alone! Let's take the first step to aid our community and ensure that the investment in your home remains safe and secure.

State Senator, Shirley L. Huntley
