*150 Abby Lane  
Levittown, NY 11756*

Childhood is an amazing time of growth and learning. Children are forming beliefs about what foods they like and don't like. They notice what foods you and other role models eat. This is an important time to help kids form healthy eating habits. Health eating habits will help limit both obesity and diabetes later in life.

Laura Zelenka Dufresne, a Registered Dietician will share ways families can encourage healthy eating at home, important foods for a child's nutrition, and more.
