EMINDPLA
(Defines blighted properties and
areas; repealer)

EDP. blight

AN ACT

to amend the eminent domain proce-
dure law and the New York state
urban development corporation act,
in relation to defining blight; and
to repeal certain provisions of the
New York state urban development
corporation act relating thereto

The People of the State of New
York, represented in Senate and
Assembly, do enact as follows:

a049 Abbate	a032 Cook	a028 Hevesi	a102 Miller, J.	a012 Saladino

1) Single House Bill (introduced and printed separately in either or both
houses) Uni-Bill (introduced simultaneously in both houses and printed as one
bill. Senate and Assembly introducer sign the same copy of the bill).

2) Circle names of co-sponsors and return to introduction clerk with 2 signed
copies of bill and 4 copies of memorandum in support (single house); or 4 signed
copies of bill and 8 copies of memorandum in support (uni-bill).

1 Section 1. Legislative findings and intent. The legislature hereby
2 finds and declares that eminent domain, while a meaningful tool for
3 government to move forward on important projects, has come under a great
4 deal of criticism in recent years for many alleged abuses that have
5 occurred within the state of New York. Traditionally, the right of
6 eminent domain, or the state's ability to seize private land was limited
7 for "public use". However, over the years, phrases such as "public use"
8 and "blighted" have taken on more expansive meanings.

9 Since *Kelo v. City of New London*, the 2005 decision in which the U.S.
10 Supreme Court approved the forcible transfer of property from one
11 private owner to another in the name of "economic development", forty-
12 three states have passed eminent domain reform legislation. New York has
13 thus far failed to take such action but continues again and again to
14 approve eminent domain condemnation for projects that benefit private
15 entities at the public's expense. A 2009 report by the Institute for
16 Justice entitled "Building Empires, Destroying Homes: Eminent Domain
17 Abuse in New York" detailed widespread eminent domain abuse throughout
18 the state.

19 Furthermore, two recent court decisions, *Goldstein v. New York State*
20 *Urban Development Corporation* and *Kaur v. New York State Urban Develop-*
21 *ment Corporation* demonstrate the need to balance the rights of property
22 owners without stifling positive economic development programs. Instead,
23 New Yorkers suffer under an inequitable system of eminent domain laws
24 that greatly favors private developers partnered with public actors at
25 the expense of homeowners, businesses, and tenants.

26 The use of "blight" as a basis for condemnation is vaguely defined and
27 in need of clarification. Under the loose standards of existing law
28 practically anything can qualify as blighted. Consequently it is imper-

1 active that the legislature enact objective criteria to ensure that
2 blight determinations are consistent, predictable, and based on factors
3 actually related to the public's health and safety. There also needs to
4 be better protections in place so that tenants and low income residents
5 are ensured that they are not excluded from the development process.

6 As Judge Catterson notes for the majority in the Kaur decision, it has
7 been well documented that the urban renewal schemes of the 1950s and
8 1960s displaced millions of people and destroyed hundreds of neighbor-
9 hoods. By and far, these programs disproportionately harmed low income
10 and minority families. Legislative reforms are needed to prevent a
11 repeat of these injustices. It is now time for New York to make the
12 necessary reforms that will ensure a fair and equitable use of our
13 eminent domain laws.

14 § 2. Section 103 of the eminent domain procedure law is amended by
15 adding five new subdivisions (H), (I), (J), (K) and (L) to read as
16 follows:

17 (H) "Blighted property" and "blighted area" mean property that is
18 declared blighted under section two hundred four-a of this chapter.

19 (I) "Slum" means property that is declared blighted under section two
20 hundred four-a of this chapter.

21 (J) "Substandard and insanitary property" means property that is
22 declared blighted under section two hundred four-a of this chapter.

23 (K) "Unfit for human habitation" means premises which have identifi-
24 able conditions that endanger the life, health and safety of the owners,
25 occupants, or the public. Conditions rendering property unfit for human
26 habitation include, but are not limited to, substantial structural
27 defects or deterioration, vermin infestation, lack of necessary utili-
28 ties, and fire hazards.

1 (L) "Abandoned property" means:

2 (1) unoccupied property which has been tax delinquent for at least two
3 years; or

4 (2) a building:

5 (a) that is unoccupied by owner or tenant;

6 (b) that is unfit for habitation;

7 (c) that has deteriorated to the point where:

8 (I) the building is structurally unsound or poses an immediate threat
9 to life or other property; or

10 (II) the cost of rehabilitation significantly exceeds the post-rehabi-
11 litation market value; and

12 (d) the owner is unknown or the owner fails to respond within six
13 months to a violation notice from the appropriate governing body requir-
14 ing the owner to:

15 (I) rehabilitate the building to conform to minimum code habitability
16 requirements; or

17 (II) demolish the building for health and safety reasons; or

18 (3) a vacant lot on which a building has been demolished and for which
19 a municipal lien for demolition costs remains unpaid for six months.

20 § 3. Paragraph 4 of subdivision (B) of section 204 of the eminent
21 domain procedure law is amended and a new paragraph 5 is added to read
22 as follows:

23 (4) such other factors as it considers relevant[.];

24 (5) the findings required pursuant to subdivision (D) of section two
25 hundred four-a of this article.

26 § 4. The eminent domain procedure law is amended by adding a new
27 section 204-a to read as follows:

1 § 204-a. Blighted properties and areas. (A) Subject to the exceptions
2 listed in paragraph two of subdivision (B) of this section, any single
3 property may be declared blighted if it meets any of the following
4 conditions:

5 (1) Any premises, which because of dilapidation, deterioration, struc-
6 tural defects, vermin infestation, health hazards, fire hazards, lack of
7 utilities, lack of facilities or equipment required by statute or munic-
8 ipal code, neglect, or lack of maintenance:

9 (a) is unfit for human habitation;

10 (b) has deteriorated to the point where:

11 (I) the building is structurally unsound or poses an immediate threat
12 to life or other property; or

13 (II) the cost of rehabilitation significantly exceeds the post-rehabi-
14 litation market value; and

15 (c) the owner fails to remedy the problem within a reasonable time
16 after receiving notice of violation by the appropriate governing body
17 requiring the owner to:

18 (I) rehabilitate the building to conform to minimum code habitability
19 requirements; or

20 (II) demolish the building for health and safety reasons.

21 (2) Any abandoned property as defined in subdivision (L) of section
22 one hundred three of this chapter.

23 (3) Property that is environmentally contaminated and that requires
24 remediation for current or future use under state or federal law, if the
25 owner fails to remedy the problem within six months of receiving notice
26 of violation from the appropriate governing body.

27 (4) A premises which, because of physical condition or use, is
28 regarded as a public nuisance at common law or has been declared a

1 public nuisance under a statute or an applicable municipal code, and the
2 owner fails to abate the nuisance within six months of receiving notice
3 of violation from the appropriate governing body.

4 (5) Any well, shaft, basement, excavation, or unsafe fence or struc-
5 ture that, because of physical condition, use or occupancy, is deemed an
6 attractive nuisance to children, and the owner fails to abate the
7 nuisance within six months after receiving notice of violation from the
8 appropriate governing body.

9 (6) Vacant property that has become overgrown with weeds, is a place
10 for the accumulation of trash and debris, or a haven for vermin, if the
11 owner fails to remedy the problem within six months after receiving
12 notice of violation by the appropriate governing body requiring the
13 owner to rehabilitate the property to conform with minimum code require-
14 ments.

15 (7) Defective or unusual conditions of title that make the free trans-
16 fer or alienation of the property impossible.

17 (8) Occupied or unoccupied property that has tax delinquencies exceed-
18 ing the value of the property.

19 (9) Property that is used for pervasive and persistent criminal activ-
20 ity. For purposes of this section, such activity shall be defined as two
21 or more convictions of any person or persons had, within a period of one
22 year, for any of the following penal law offenses arising out of conduct
23 engaged in at the property:

24 (a) sale of a controlled substance described in sections 220.31,
25 220.34, 220.39, 220.41, or 220.43 of the penal law; or

26 (b) offenses related to the crime of prostitution as described in
27 article two hundred thirty of the penal law; or

1 (c) offenses related to the crime of gambling as described in article
2 two hundred twenty-five of the penal law; or

3 (d) enterprise corruption as defined in article four hundred sixty of
4 the penal law.

5 (10) Property that does not otherwise meet any of the conditions list-
6 ed in this section may not be declared blighted.

7 (B) Notwithstanding the provisions of subdivision (A) of this section,
8 the following exceptions shall apply:

9 (1) Property shall in no case be declared blighted if it meets one or
10 more of the following criteria:

11 (a) Vacant and unimproved property located in any rural or suburban
12 area which is not served by existing utilities.

13 (b) Property which satisfies the definition of "farm woodland", "land
14 used in agricultural production", "unique and irreplaceable agricultural
15 land", or "viable agricultural land", as those terms are defined in
16 section three hundred one of the agriculture and markets law.

17 (2) For purposes of this section, if a developer or condemnor involved
18 in a redevelopment project has caused or brought about by action or
19 inaction or maintained for more than seven years a condition listed in
20 subdivision (A) of this section within the proposed project area, that
21 condition may not be used in the determination of blight.

22 (3) For purposes of this section, if property located in an urbanized
23 area generally served by municipal infrastructure and utilities meets
24 one or more of the conditions listed in subdivision (A) of this section
25 due to failure on the part of the appropriate governing body to provide
26 necessary utility services and/or infrastructure, that condition may not
27 be used in the determination of blight.

1 (C) Multiple properties and project areas may be declared blighted if
2 they meet any of the following conditions:

3 (1) For purposes of acquiring multiple units of property by eminent
4 domain, an area may be declared generally blighted only if:

5 (a) the area is located in an urban or suburban area generally served
6 by existing utilities and infrastructure; and

7 (b) seventy-five percent of the individual parcels in the area are
8 declared blighted under subdivision (A) of this section.

9 (2) A condemnor may use eminent domain to acquire any unit of property
10 within a blighted project area.

11 (3) Properties owned by a developer or condemnor involved in a rede-
12 velopment project may be included in any blighted project area determi-
13 nation.

14 (4) For purposes of this section, a building containing multiple units
15 shall be treated as a single property.

16 (D) The following findings shall be required before a property or
17 project area may be declared blighted:

18 (1) To declare any single property blighted, the condemnor must make
19 written findings identifying the specific conditions which render the
20 property blighted under subdivision (A) of this section.

21 (2) To declare multiple properties or project areas blighted, the
22 condemnor must make written findings demonstrating that the requirements
23 of subdivision (C) of this section have been met. To demonstrate that
24 seventy-five percent of the parcels in the area are individually blight-
25 ed, each blighted parcel must be identified and the specific conditions
26 rendering it blighted under subdivision (A) of this section must be
27 identified.

1 (E) Any declaration made pursuant to subdivision (D) of this section
2 shall be valid for a period of ten years.

3 § 5. Section 2 of section 1 of chapter 174 of the laws of 1968,
4 constituting the New York state urban development corporation act, the
5 ninth undesignated paragraph as added by chapter 280 of the laws of 1984
6 and the tenth undesignated paragraph as amended by chapter 747 of the
7 laws of 2005, is amended to read as follows:

8 § 2. Statement of legislative findings and purposes. It is hereby
9 found and declared that there exists in [urban] some areas of this state
10 a condition of substantial and persistent unemployment and underemploy-
11 ment which causes hardship to many individuals and families, wastes
12 vital human resources, increases the public assistance burdens of the
13 state and municipalities, impairs the security of family life, contrib-
14 utes to the growth of crime and delinquency, prevents many of our youth
15 from finishing their educations, impedes the economic and physical
16 development of municipalities and adversely affects the welfare and
17 prosperity of all the people of the state. [Many existing industrial,
18 manufacturing and commercial facilities in such urban areas are obsolete
19 and inefficient, dilapidated, and without adequate mass transportation
20 facilities and public services. Many of such facilities are underuti-
21 lized or in the process of being vacated, creating additional unemploy-
22 ment. Technological advances and the provision of modern, efficient
23 facilities in other states will speed the obsolescence and abandonment
24 of existing facilities causing serious injury to the economy of the
25 state. Many existing and planned industrial, manufacturing and commer-
26 cial facilities are, moreover, far from or not easily accessible to the
27 places of residence of substantial numbers of unemployed persons. As a
28 result, problems of chronic unemployment are not being alleviated but

1 are aggravated. New industrial, manufacturing and commercial facilities
2 are required to attract and house new industries and thereby to reduce
3 the hazards of unemployment. The unaided efforts of private enterprise
4 have not met and cannot meet the needs of providing such facilities due
5 to problems encountered in assembling suitable building sites]

6 It is further found and declared that the unaided efforts of private
7 industrial, manufacturing and commercial businesses are negatively
8 affected by aging and inefficient facilities, difficulties in finding
9 suitable building sites for new facilities, lack of adequate public
10 services, the unavailability of private capital for development [in such
11 urban areas], and the inability of private enterprise alone to plan[,]
12 and finance development and to coordinate [industrial and commercial
13 development] such development with [residential developments for persons
14 and families of low income and with] affordable housing development,
15 community development programs, public services and mass transportation
16 facilities.

17 It is further found and declared that there exist in many munici-
18 palities within this state [residential, nonresidential, commercial,
19 industrial or vacant areas, and combinations thereof, which are slum or
20 blighted, or which are becoming slum or blighted areas because of
21 substandard, insanitary, deteriorated or deteriorating conditions,
22 including obsolete and dilapidated buildings and structures, defective
23 construction, outmoded design, lack of proper sanitary facilities or
24 adequate fire or safety protection, excessive land coverage, insuffi-
25 cient light and ventilation, excessive population density, illegal uses
26 and conversions, inadequate maintenance, buildings abandoned or not
27 utilized in whole or substantial part, obsolete systems of utilities,
28 poorly or improperly designed street patterns and intersections, inade-

1 quate access to areas, traffic congestion hazardous to the public safe-
2 ty, lack of suitable off-street parking, inadequate loading and unload-
3 ing facilities, impractical street widths, sizes and shapes, blocks and
4 lots of irregular form, shape or insufficient size, width or depth,
5 unsuitable topography, subsoil or other physical conditions, all of]
6 blighted properties and blighted areas, which are characterized by prem-
7 ises unfit for human habitation and dangerous to life and property, and
8 which hamper or impede proper and economic development of such areas and
9 which impair or arrest the sound growth of the area, community or muni-
10 cipality, and the state as a whole.

11 It is further found and declared that there is a serious need through-
12 out the state for adequate educational, recreational, cultural and other
13 community facilities, the lack of which threatens and adversely affects
14 the health, safety[, morals] and welfare of the people of the state.

15 It is further found and declared that there continues to exist
16 throughout the state a seriously inadequate supply of [safe and sani-
17 tary] decent dwelling accommodations for persons and families of low
18 income. This condition is contrary to the public interest and threatens
19 the health, safety, welfare, comfort and security of the people of the
20 state. The ordinary operations of private enterprise cannot provide an
21 adequate supply of safe and sanitary dwelling accommodations [at
22 rentals] which persons and families of low income can afford.

23 It is further found and declared that there is an urgent need to
24 protect and enhance the quality of the natural environment, to encourage
25 the development and expansion of existing and alternative sources of
26 energy and the conservation of energy, and to abate and prevent the
27 generation of hazardous waste, toxic by-products, and other types of
28 environmental pollution.

1 It is hereby declared to be the policy of the state to promote a
2 vigorous and growing economy, to prevent economic stagnation and to
3 encourage the creation of new job opportunities in order to protect
4 against the hazards of unemployment, reduce the level of public assist-
5 ance to now indigent individuals and families, increase revenues to the
6 state and to its municipalities and to achieve stable and diversified
7 local economies. In furtherance of these goals, it is the policy of the
8 state to retain existing industries and to attract new industries
9 through the acquisition, construction, financing, reconstruction and
10 rehabilitation of industrial and manufacturing plants and commercial
11 facilities, and to develop sites for new industrial and commercial
12 building. It is further declared to be the policy of the state to
13 promote the development of such plants and facilities, reasonably acces-
14 sible to residential facilities, in those areas where substantial unem-
15 ployment or underemployment exists, to the end that the industrial and
16 commercial development [of our urban areas] will proceed in sound fash-
17 ion and in coordination with development of housing, mass transportation
18 and public services, and that job opportunities will be available in
19 those areas where people lack jobs.

20 It is further declared to be the policy of the state to promote the
21 safety, health[, morals] and welfare of the people of the state and to
22 promote the sound growth and development of our municipalities through
23 the [correction of such substandard, insanitary, blighted, deteriorated
24 or deteriorating conditions, factors and characteristics by the clear-
25 ance, replanning, reconstruction, redevelopment, rehabilitation, resto-
26 ration or conservation of such areas,] redevelopment of blighted areas
27 and [of areas reasonably accessible thereto] the undertaking of public
28 and private improvement programs [related thereto], including the

1 provision of educational, recreational and cultural facilities, and the
2 encouragement of participation in these programs by private enterprise.
3 In furtherance of these goals, it is the policy of the state to engage
4 and empower the public through educational programs, community outreach,
5 and an open and inclusive redevelopment planning process; to coordinate
6 redemption projects and improvement programs with local government
7 planning goals; to respect communities' existing social and cultural
8 fabric and to limit residential and business displacement to maximum
9 extent possible; to reuse existing resources and infrastructure and
10 recycle materials and structures; to encourage energy efficiency and
11 sustainable building; to conserve undeveloped land and encourage infill
12 and brownfield development; to improve or restore natural systems such
13 as streambeds, drainage courses, wetlands, rivers, and other ecological
14 features, and to encourage the creation of publicly available open spac-
15 es; to ensure that environmental pollution does not disparately affect
16 areas with a substantial number of minority or low income households; to
17 incorporate cultural resources and landscapes into project designs by
18 preserving and rehabilitating buildings with cultural, historical or
19 architectural significance, encouraging adaptive reuse as an alternative
20 to demolition and new construction, and encouraging compatible design of
21 new construction; to encourage the retention and construction of afford-
22 able housing through incentives, loans, and other programs; to encourage
23 development that is accessible and inviting to pedestrians, bicyclists
24 and transit users, and to discourage development that is reliant on
25 personal automobile transportation; to increase opportunities for
26 private enterprise, especially for small businesses, local businesses,
27 and businesses owned by minorities and women, through procedures that
28 are fair, open, equitable, transparent, and demonstrated to be the best

1 choice for the public interest; to provide sufficient guarantees and
2 protections in the event that private developers withdraw from partic-
3 ipation in a redevelopment project or improvement program; to increase
4 employment opportunities for local residents, especially low income
5 residents, homeless persons, single parents, formerly incarcerated
6 persons, and persons with other barriers to employment, through job
7 training, local hiring and other assistance programs; and to encourage
8 the creation of quality jobs that provide a living wage, adequate health
9 benefits, and opportunities for advancement.

10 It is further declared to be the policy of the state to promote the
11 safety, health[, morals] and welfare of the people of the state through
12 the provision of adequate, safe and sanitary dwelling accommodations and
13 facilities incidental or appurtenant thereto for persons and families of
14 low income.

15 For these purposes, there should be created a corporate governmental
16 agency to be known as the "New York state urban development corporation"
17 which, through issuance of bonds and notes to the private, investing
18 public, by encouraging maximum participation by the private sector of
19 the economy, including the sale or lease of the corporation's interest
20 in projects at the earliest time deemed feasible, and through partic-
21 ipation in programs undertaken by the state, its agencies and subdivi-
22 sions, and by municipalities and the federal government, may provide or
23 obtain the capital resources necessary to acquire, construct, recon-
24 struct, rehabilitate or improve such industrial, manufacturing, commer-
25 cial, educational, recreational and cultural facilities, and housing
26 accommodations for persons and families of low income, and facilities
27 incidental or appurtenant thereto, and to carry out the [clearance,

1 replanning, reconstruction and rehabilitation of such substandard and
2 insanitary] redevelopment of blighted areas.

3 It is further declared to be the policy of New York state to encourage
4 the development of research and development facilities and high technol-
5 ogy industrial incubator space at institutions of higher education
6 located in this state and authorized to confer degrees by law or by the
7 board of regents, or on lands in reasonable proximity to such insti-
8 tutions provided that (i) in the case of research and development facil-
9 ities such facilities are for the cooperative use of one or more such
10 institutions and one or more business corporations, research consortia
11 or other industrial organizations involved in research, development,
12 demonstration, or other technologically oriented industrial activities;
13 and (ii) in the case of high technology industrial incubator space, such
14 space shall be for rental to business concerns which are in their form-
15 ative stages and which are involved in high technology activities,
16 including but not limited to business concerns initiated by students,
17 employees of such institution, including faculty members and other
18 persons or firms academically associated with such institution.

19 It is hereby declared that the acquisition, construction, financing,
20 reconstruction, rehabilitation or improvement of such industrial, manu-
21 facturing and commercial facilities, and of such cultural, educational
22 and recreational facilities including but not limited to facilities
23 identified as projects and called for to implement a state designated
24 heritage area management plan as provided in title G of the parks,
25 recreation and historic preservation law; the [clearance, replanning,
26 reconstruction and rehabilitation of such substandard and insanitary]
27 redevelopment of blighted areas; and the provision of adequate, safe and
28 sanitary housing accommodations for persons and families of low income

1 and such facilities as may be incidental or appurtenant thereto are
2 public uses and public purposes for which public money may be loaned and
3 private property may be acquired and tax exemption granted, and that the
4 powers and duties of the New York state urban development corporation as
5 hereinafter prescribed are necessary and proper for the purpose of
6 achieving the ends here recited.

7 § 6. Section 3 of section 1 of chapter 174 of the laws of 1968,
8 constituting the New York state urban development corporation act, is
9 amended by adding two new subdivisions 31 and 32 to read as follows:

10 (31) "Blighted property" and "blighted area". Property that is
11 declared blighted under section 204-a of the eminent domain procedure
12 law.

13 (32) "Slum". Property that is declared blighted under section 204-a of
14 the eminent domain procedure law.

15 § 7. Subdivision 12 of section 3 of section 1 of chapter 174 of the
16 laws of 1968, constituting the New York state urban development corpo-
17 ration act, is REPEALED and a new subdivision 12 is added to read as
18 follows:

19 (12) "Substandard and insanitary property". Property that is declared
20 blighted under section 204-a of the eminent domain procedure law.

21 § 8. Subdivision 7 of section 5 of section 1 of chapter 174 of the
22 laws of 1968, constituting the New York state urban development corpo-
23 ration act, is amended to read as follows:

24 (7) To acquire or contract to acquire from any person, firm, corpo-
25 ration, municipality, federal or state agency, by grant, purchase,
26 condemnation or otherwise, leaseholds, real, personal or mixed property
27 or any interest therein, subject to the limitations in section 204-a of
28 the eminent domain procedure law; to own, hold, clear, improve and reha-

1 bilitate, and to sell, assign, exchange, transfer, convey, lease, mort-
2 gage, or otherwise dispose of or encumber the same;

3 § 9. Section 10 of section 1 of chapter 174 of the laws of 1968,
4 constituting the New York state urban development corporation act,
5 subdivision (d) as amended by chapter 847 of the laws of 1971, subdivi-
6 sions (e) and (f) as added and subdivisions (g) and (h) as relettered by
7 chapter 839 of the laws of 1987, is amended to read as follows:

8 § 10. Findings of the corporation. Notwithstanding any other provision
9 of this act, the corporation shall not be empowered to undertake the
10 acquisition, construction, reconstruction, rehabilitation or improvement
11 of a project unless the corporation finds:

12 (a) in the case of a residential project:

13 (1) That there exists, in the area in which the project is to be
14 located, or in an area reasonably accessible to such area, a need for
15 [safe and sanitary] decent housing accommodations for persons or fami-
16 lies of low income, which the operations of private enterprise cannot
17 provide;

18 (2) That the project has been approved as a project of a housing
19 company pursuant to the provisions of the private housing finance law.

20 (b) in the case of an industrial project:

21 (1) That the area in which the project is to be located is a
22 [substandard or insanitary area, or is in danger of becoming a substand-
23 ard or insanitary area] blighted area, as that term is defined in subdi-
24 vision (H) of section 103 of the eminent domain procedure law, wherein
25 there exists a condition of substantial and persistent unemployment or
26 underemployment;

1 (2) That the acquisition or construction and operation of such project
2 will prevent, eliminate or reduce unemployment or underemployment in
3 such area;

4 (3) That such project shall consist of a building or buildings which
5 are suitable for manufacturing, warehousing or research or other indus-
6 trial, business or commercial purposes[.];

7 (4) That adequate provision has been, or will be made for the payment
8 of the cost of the acquisition, construction, operation, maintenance and
9 upkeep of such project[.];

10 (5) That the acquisition and construction, proposed leasing, operation
11 and use of such project will aid in the development, growth and prosper-
12 ity of the state and the area in which such project is located;

13 (6) That the plans and specifications assure adequate light, air,
14 sanitation and fire protection.

15 (c) in the case of a land use improvement project:

16 (1) That the area in which the project is to be located is a
17 [substandard or insanitary area, or is in danger of becoming a substand-
18 ard or insanitary area and tends to impair or arrest the sound growth
19 and development of the municipality] blighted area, as that term is
20 defined in subdivision (H) of section 103 of the eminent domain proce-
21 dure law;

22 (2) That the project consists of a plan or undertaking for the clear-
23 ance, replanning, reconstruction and rehabilitation of such area and for
24 recreational and other facilities incidental or appurtenant thereto;

25 (3) That the plan or undertaking affords maximum opportunity for
26 participation by private enterprise, consistent with the sound needs of
27 the municipality as a whole.

28 (d) in the case of a civic project:

1 (1) That the area in which the project is to be located is a blighted
2 area, as that term is defined in subdivision (H) of section 103 of the
3 eminent domain procedure law, wherein there exists [in the area in which
4 the project is to be located,] a need for the educational, cultural,
5 recreational, community, municipal, public service or other civic facil-
6 ity to be included in the project;

7 (2) That the project shall consist of a building or buildings or other
8 facilities which are suitable for educational, cultural, recreational,
9 community, municipal, public service or other civic purposes;

10 (3) That such project will be leased to or owned by the state or an
11 agency or instrumentality thereof, a municipality or an agency or
12 instrumentality thereof, a public corporation, or any other entity which
13 is carrying out a community, municipal, public service or other civic
14 purpose, and that adequate provision has been, or will be, made for the
15 payment of the cost of acquisition, construction, operation, maintenance
16 and upkeep of the project;

17 (4) That the plans and specifications assure or will assure adequate
18 light, air, sanitation and fire protection.

19 (e) in the case of an industrial effectiveness project:

20 (1) That a feasibility study or productivity assessment exists demon-
21 strating the potential for future profitability of the firm requesting
22 financial assistance and such study or assessment has been reviewed and
23 approved by the commissioner of economic development;

24 (2) That for loans to implement a corporate restructuring or turn-
25 around plan, the management of the industrial firm requesting assistance
26 is capable and the firm has a sound business development plan that
27 includes measures to ensure labor and management cooperation and to
28 effect changes required to continue as a successful business;

1 (3) That the requested financial assistance is not available from
2 other public or private financing sources; and

3 (4) That the area in which the project is to be located is a
4 [substandard or insanitary area, or is in danger of becoming a substand-
5 ard or insanitary area] blighted area, as that term is defined in subdi-
6 vision (H) of section 103 of the eminent domain procedure law, wherein
7 there exists a condition of substantial and persistent unemployment or
8 underemployment.

9 (f) in the case of a small and medium-sized business assistance
10 project:

11 (1) That the area in which the project will be located is a [substand-
12 ard or insanitary area, or is in danger of becoming a substandard or
13 insanitary area] blighted area, as that term is defined in subdivision
14 (H) of section 103 of the eminent domain procedure law, wherein there
15 exists a condition of substantial and persistent unemployment or under-
16 employment;

17 (2) That the project demonstrates market, management and financial
18 feasibility and has a clear likelihood of success;

19 (3) That the [industrial] firm provides at least a ten percent equity
20 contribution and such contribution is not derived from other govern-
21 mental sources;

22 (4) That the requested financial assistance is not available from
23 other public or private financing sources on terms compatible with the
24 successful completion of the project;

25 (5) That the project will not result in the relocation of any [indus-
26 trial] firm from one municipality within the state to another munici-
27 pality, or in the abandonment of one or more of the firms' plants or
28 facilities located within the state, except under one of the following

1 conditions: (i) when [an industrial] a firm is relocating within a muni-
2 cipality with a population of at least one million where the governing
3 body of such municipality approves such relocation; [or] (ii) the corpo-
4 ration notifies each municipality from which such [industrial] firm will
5 be relocated and each municipality agrees to such relocation; or (iii)
6 the corporation shall determine on the basis of the application before
7 it that the project is reasonably necessary to discourage the firm from
8 relocating to a location outside the state and to preserve the compet-
9 itive position of the firm within its respective industry; and

10 (6) That the project is not for the purpose of refinancing any portion
11 of the total project cost or other existing loans or debts of the
12 project sponsor or owner.

13 (g) in the case of all projects, that [there is a feasible method for
14 the relocation of families and individuals displaced from the project
15 area into decent, safe and sanitary dwellings] the displacement of resi-
16 dents and businesses is limited to the maximum extent possible, and that
17 all displaced residents and businesses will be afforded adequate compen-
18 sation and/or assistance to be relocated to substantially comparable
19 properties, which are or will be [provided] located in the project area
20 or in [other areas] an area reasonably proximate to the project area and
21 not generally less desirable in regard to public utilities and public
22 and commercial facilities, at substantially comparable rents or prices
23 [within the financial means of such families or individuals], and
24 reasonably accessible to their places of dwelling and/or employment.
25 [Insofar as is feasible, the] The corporation shall offer substantially
26 comparable housing accommodations to [such families and individuals]
27 displaced residents in [residential] projects [of the corporation] that
28 include a residential component, and insofar as is feasible, the corpo-

1 ration shall offer substantially comparable industrial or commercial
2 accommodations to displaced businesses in projects that include an
3 industrial or commercial component. The corporation may render to busi-
4 ness and commercial tenants and [to families or other persons] displaced
5 [from the project area,] residents any other such assistance as it may
6 deem [necessary to enable them to relocate] appropriate.

7 (h) in the case of all projects, the corporation shall state the basis
8 for its findings.

9 § 10. This act shall take effect immediately.
