## BARRY CULHANE TO BE INDUCTED INTO VETERANS' HALL OF FAME

Dr. Barry Culhane of Rochester has been nominated by Senator Alesi for induction into the New York State Senate Veterans' Hall of Fame in a special ceremony on May 22nd at the State Capitol.

A tenured faculty member and associate professor at RIT since 1981, Dr. Culhane served in the United States Army as a medic from 1969-1971, and has been active in local veterans organizations for over forty years, including twenty years (1987-2006) as the President of the Vietnam Veterans Memorial of Greater Rochester. Dr. Culhane was instrumental in securing community support and financial resources to complete the Vietnam Veterans Memorial in Highland Park, and has received numerous honors for his efforts, most notably when Monroe County and the City of Rochester declared September 8, 2006 "Barry Culhane Day" in Monroe County.

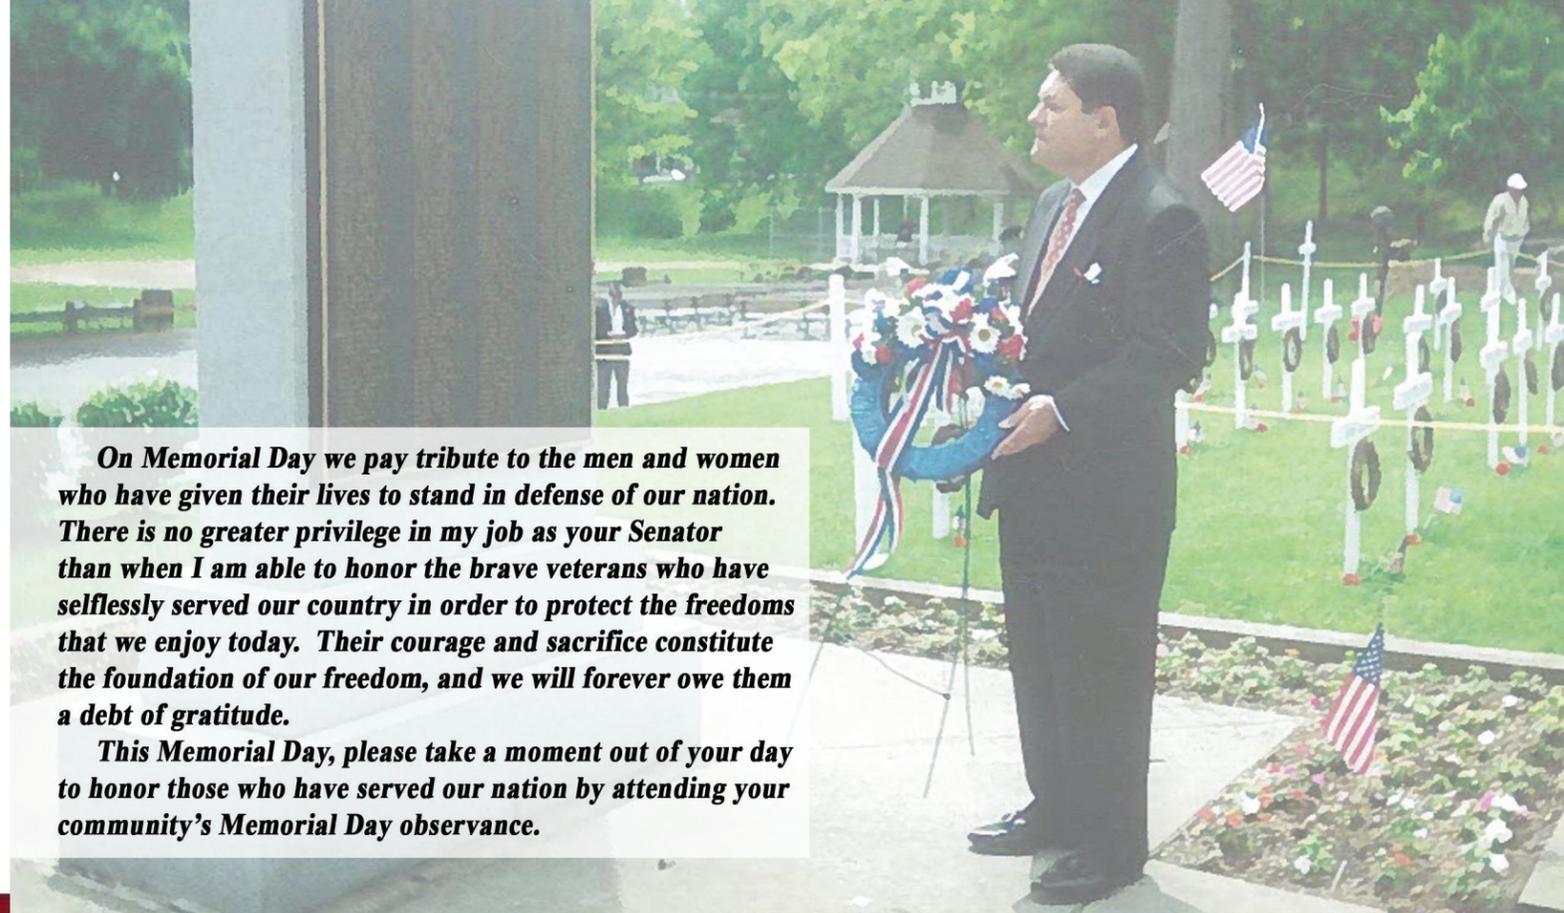

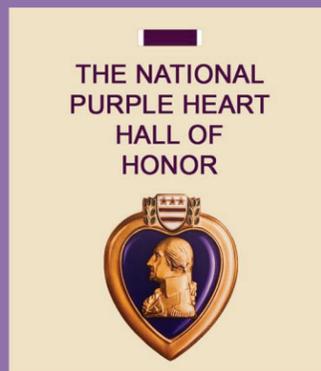

The New York State Senate Veterans' Hall of Fame was created to honor and recognize outstanding veterans from the Empire State, like Barry Culhane, who have distinguished themselves both in military and civilian life. Their meritorious service to our nation deserves the special recognition that only a Hall of Fame can provide, as a fitting expression of our gratitude and admiration.

Dr. Culhane will join the late Ralph Chinelly of East Rochester (2005), Norbert Rappl of Irondequoit (2007), John Perrone of Penfield (2010), and Nick Verzella of East Rochester (2011) as members of the Senate Veterans' Hall of Fame nominated by Senator Alesi.

## THE NATIONAL PURPLE HEART HALL OF HONOR

The National Purple Heart Hall of Honor, located in Vails Gate, New York, commemorates the extraordinary sacrifices and selfless heroics of members of the United States military that have received the Purple Heart for being wounded or killed in action. Dating back to 1782, the Purple Heart is the oldest military decoration still in present use and the first award made available to the common soldier – since the Revolutionary War, more than 1.7 million Americans have received the Purple Heart. The Hall collects and preserves memories of Purple Heart recipients in the *Roll of Honor*, an interactive database in which visitors can learn about individual Purple Heart recipients by reading their stories and viewing their photographs. Enrollment in the *Roll of Honor* is voluntary and free of charge.

*On Memorial Day we pay tribute to the men and women who have given their lives to stand in defense of our nation. There is no greater privilege in my job as your Senator than when I am able to honor the brave veterans who have selflessly served our country in order to protect the freedoms that we enjoy today. Their courage and sacrifice constitute the foundation of our freedom, and we will forever owe them a debt of gratitude.*

*This Memorial Day, please take a moment out of your day to honor those who have served our nation by attending your community's Memorial Day observance.*

*As a nation, America has never glorified war, but the American people have always honored our fallen heroes. America has always stood ready to fight for freedom and the American way of life, but we show our greatest strength through our prayers for peace.*

## THE AMERICAN FLAG

Our American Flag has long exemplified the spirit of those who lost their lives in battle, as well as those who have fought valiantly and survived. It stands for all our ancestors who have worked, saved, and sacrificed at home to raise their families in such a strong, free and prosperous land, and it stands for us.

**To show respect to our American Flag and what it represents, all persons should face the flag and stand at attention with their right hand over their heart to salute the flag when it is passing in a parade, when it is hoisted or lowered in a ceremony, when the National Anthem is played and the flag is present, and during the Pledge of Allegiance.**

First established by the Continental Congress on June 14, 1777, the American Flag today has 13 stripes – seven red and six white – to remind us of the 13 original colonies that fought for liberty, and 50 white stars – one for each state – on a blue field. It is the universal custom to display the American Flag from sunrise to sunset on buildings and on stationary flagstuffs on all days that weather permits. The flag should be flown especially on national and state holidays and other days that may be proclaimed by the President of the United States. **On Memorial Day, the American Flag should be flown at half-staff until noon, and then be raised to the peak.**

## RETIRING AN AMERICAN FLAG

When an American Flag “is in such condition that it is no longer a fitting emblem for display,” states the United States Flag Code, the flag “should be destroyed in a dignified way, preferably by burning.” Many local veterans organizations, municipalities, and scouting troops in our area accept worn American Flags to ensure that each one is retired and disposed of in a respectful manner. Anyone who wishes to retire an American Flag for proper disposal may drop off their flag at my District Office during regular business hours: Monday—Friday, 9:00 am to 5:00 pm. Please call my office at (585) 223-1800 for further assistance.
