**SPECIAL TAX CONSIDERATIONS**

The IRS has extended tax relief to victims of Hurricane Sandy; Return filing and tax payment deadline has been extended to April 1, 2013. The tax relief postpones various tax filing and payment deadlines that occurred starting in late October. As a result, affected individuals and businesses will have until April 1, 2013, to file these returns and pay any taxes due.

Individuals who have sustained a casualty loss from a declared disaster may deduct personal property losses that are not covered by insurance or other reimbursements. For details, see Form 4684 and its instructions.
