

Brenden Hanley

Hello, hope all is well. The governor's switch to PPL is a disaster. Low pay, slow pay, or no pay. Only two checks that I have received since April 2025, have been correct. Worked hours are left off, PPL attributes this to the hours "being reviewed." I doubt that. This is done to avoid paying overtime. When the reviewed hours are paid, it is given in a separate check. Not attributed to the pay period worked. My name is Brendan Hanley, I live in Manhattan. I have been a PA for nine years. All PA's deserve better.

Thank you.
