

Hello my name is Priscilla Agront, I am a Direct personal care assistant. I really wanted to stay with my agency ,freedom Care. Freedom Care is really a Great agency to be in , I've had been with the agency for 3 years. I have no complaints with Freedom Care . But when they told me to transition with ppl. It was 3 whole weeks, trying to settle in for ppl. I was so angry and upset. I just wanted to give up. But my patient needs the care. So I completed the transition, even though I don't like it.
