

Hello, Besides the abominable PPL rollout and with held pay for weeks in the beginning, our caregivers took a pay cut and although devoted they are seeing Medicaid paid others in area making \$24 /hour. This will be our undoing and jeopardize my own employment as a parent. My son is considered skilled care with lots of physical needs. Caregivers were getting \$20/hr with prev FI. Now they make \$18.40. This is a hard sell and our caregivers are looking elsewhere for more pay. We need to up our caregiver pay. It's a poultry amt . Lifeguards are making \$26/ hr. Please enhance the rate now! Ren Adams parent & guardian of Ian Adams 118 Stanford Rd. Millbrook , NY. 12545 845-489-2865
