CREATING JOBS & ECONOMIC OPPORTUNITIES IN ROCHESTER
AN UPDATE FROM SENATOR JIM ALESI

A MESSAGE FROM SENATOR ALESI ON JOB CREATION

Last year was one of the most successful Sessions in recent history. Partnering with Governor Andrew Cuomo and Lt. Governor Bob Duffy, we:

- Cut middle-class income taxes to the lowest level in 58 years, saving 99% of New Yorkers money;
- Reduced state spending by 2%, forcing state government to increase efficiency;
- Passed a property-tax cap, to relieve hardworking, overburdened taxpayers; and
- Created Economic Regional Councils to emphasize regional assets and prioritize community projects.

This year it is critical that we seize last year's momentum and continue to move New York – especially the greater Rochester region – in a positive direction toward economic prosperity.

That is why I am pleased to announce the **2012 New Jobs – New York Plan** – a comprehensive package that will help create thousands of new jobs in communities throughout the Rochester area and across New York State.

Upon passage in the Senate, I look forward to working closely with Governor Cuomo and my colleagues in the Assembly to make this important measure a reality.

New York has made great strides in the last year. **By redoubling our efforts, I am confident that we can accomplish even more – especially in economic growth and job creation.**

Sincerely,

THE 2012 NEW JOBS-NY JOB CREATION PLAN
CONTROLLING SPENDING. CUTTING TAXES. CREATING JOBS.
