

Alex Stevens' Testimony to End Mayoral Control, 3/2/22

We demand democracy and equity for NYC public schools. We want an end to Mayoral control and inequitable funding for traditional public schools. We demand that the State legislature:

1. Take Mayoral control out of the State budget
2. End Mayoral control
3. Create a task force to develop a democratic school governance system as an alternative to Mayoral control
4. Revise funding formulas to more equitably fund traditional public schools, instead of diverting resources to charter schools.

Alex Stevens
