

Dear Veteran,

Below is an important message from the Consumer Financial Protection Bureau (CFPB) regarding Home-buying.

Would you like a Home Loan Toolkit from the CFPB? Even if you are planning to use a VA Home Loan, this is valuable information to arm yourself with knowledge! This booklet takes you from budgeting to closing with worksheets, checklists, and conversation starters. The VA recommends this toolkit from the CFPB. You'll get a copy when you apply for a home purchase mortgage, but you can contact me for one now.

If you want to buy your own home, the first step is checking your credit. Contact me, Paula Mucci, AFC®, Financial Coach for Veterans, for free help checking and improving your credit. Let's do it together. This is a free service for Veterans provided by the Consumer Financial Protection Bureau (CFPB). Contact me to get started! Call-631-521-1156.

Don't forget to see below for the message from the CFPB.

Sincerely,

Paula Mucci, AFC®

Hello,

Are you, or someone you know, looking for a home or shopping for a mortgage? If so, we would like you to know that the CFPB Homebuyers Team has launched a new email list to help you on your journey to homeownership.

Sign up for our [email list](#) to get valuable resources delivered directly to your inbox. Our resources help you understand the mortgage process, from checking your credit all the way to closing.

[Sign up here.](#)

Already own a home? Help us spread the word by forwarding this email to anyone you know who is buying a home, or thinking about buying. Our [Owning a Home](#) resources can help with this important financial decision.

Thanks,

Megan and the CFPB Homebuyers Team
